Student Learning

Uvwfgpv"Ngctpkpi"Uwo o ct{

At Holiday Heights Elementary, STAAR performance data highlights several key strengths and areas for growth. In Reading/Language Arts, 79% of students met or exceeded grade level standards, with 47% at the Meets GL level and 19% at the Masters GL level. Mathematics results show 67% meeting or exceeding grade level standards, with 42% at the Meets GL level and 18% at the Masters GL level. Science performance, however, indicates a need for improvement, with only 65% of students meeting the Approaches GL standard and 26% meeting the Meets GL standard. Targeted interventions in Science could help balance overall student performance.
